2. PHYSICAL EXAMINATION: GENERAL**Orthopaedic procedures: To achieve Level 4 description**

Able to relate the theory and principles and indications of the specific task.

Able to perform the task.

No.	Physical examination General	To achieve	Supervisor's Name	Signature
1	Level of consciousness	4		
2	Peripheral hand assessment	4		
3	Vital sign • PR • RR • BP	4		
4	Gait assessment	4		

No.	Physical examination	To achieve	Supervisor's Name	Signature
1	Joint • Attitude (include deformity description) • Joint line tenderness • Effusion tests	4		
2	ROM - Active Passive	4		
3	Neurology Assessment UMN/LMN	4		
4	Spine deformity ROM	4		
5	Special test:			
	Shoulder			
	Impingement test	4		
	Apprehension test	4		
	Hip			
	Thomas test	4		
	Trendelenburg	4		
	Knee			
	Drawer Test	4		
	Lachman	4		
	Varus/Valgus stress	4		
	McMurray	4		
	Apprehension test	4		

1.0 Guidelines for the clinical posting

1.1 Clinical sessions

- Students are advised to meet the Head of the Department/Coordinator into which they are posted on day **one** of the posting. Students shall also meet the Sister-in-charge of the wards that they would be visiting during their posting.
- Students are expected to present clinical cases in the hospital for bed-side teaching. The cases to be presented will have to be worked up the previous day. Students are expected to prepare themselves by reading about the cases so prepared before presenting it to the faculty the next morning.
- All students in the group will prepare the case to be presented. The student identified by the faculty during clinical sessions will present the case. All students should know about the case and present it without looking into any book or paper.
- Students will carry their instruments (**knee hammer, measuring tape goniometer and essential instruments for a basic neurological examination**) for all clinical sessions during the entire posting. It is mandatory for each one of you to **carry a skin marker (eye liner)** and use it for any marking that may be necessary to be done on the patient during examination of the patient.
- During end-of-posting clinical examinations no student will carry any book to the bedside. The sanctity of an examination process has to be maintained and is as much the responsibility of the student as that of the department. Students will take the allotted case for the examination only on the morning of the day of the examination unlike other clinical days.
- All students will strictly adhere to the dress code stated by the college / hospital at all times during college / hospital hours.
- Students will strictly adhere to the instructions stated in dealing with patients as mentioned in their students handbook and this log book.

LOG BOOK ASSESSMENT

No.	Type	Poor <40%	Satisfactory 40-75%	Excellent >75%
1.	Procedures Performed	0	1	2
