Student are required to acquire the following skills and demonstrate the same to their lecturer/Hospital specialist/consultant at the prescribed level and obtain a signature of knowing/performing the skill.

NOTES

The Importance of knowledge and learning in the Quran.

"Read! In the name of your Lord who created - Created the human from something which clings. Read! And your Lord is Most Bountiful - He who taught (the use of) the Pen, Taught the human that which he knew not." (96:1-5)

"It is the men of knowledge who can truly realise God." (35:28)

"He [Allah] grants wisdom to whom He pleases; and he to whom wisdom is granted indeed receives a benefit overflowing. But none will grasp the Message except men of understanding." (2:269)

"High above all is Allah, the King, the Truth. Do not be in haste with the Qur'an before its revelation to you is completed, but say, "O my Sustainer! Increase my knowledge." (20:114)

"Verily in the creation of the heavens and the earth, and the alternation of night and day - there are indeed signs for men of understanding; Men who remember Allah, standing, sitting, and lying down on their sides, and contemplate the creation of the heavens and the earth (with the thought) "Our Lord! Not for nothing have You created (all) this. Glory to You! Give us salvation from the suffering of the Fire." (3:190-191)

"Tell me and I forget, teach me and I may remember, involve me and I learn."

— **Benjamin Franklin**
